Comments and Case-law

[Managing Director is the Chief Executive Officer and the "Authority" functions through him, therefore decision taken by him is not one and the same of the "Authority". "Authority" cannot be read to mean Managing Director. The exercise of power u/s 6(2) is not vested in Managing Director, it has to be exercised by the "Authority" which means the Board of Directors headed by Chairman of which Managing Director is only a part. If legislature in its wisdom have delegated the powers u/s 6(2) to the "Authority" then it is only the Board of Directors who can exercise power thereunder, that too will be exercised in the limited circumstances. Any unilateral exercise of power of cancellation u/s 6(2) of the Act by the Managing Director or his subordinates is an illegal exercise of authority *de hors* the law and the same are liable to be struck down and in all such matters where power of cancellation has been exercised by the MD is declared null and void. BIADA authorities would be liable to restore possession and handover the land, property, plant and machinery to the respective lessees as if the power u/s 6(2) was never exercised against them. Any third party interest which may have been created, because of illegal cancellation by Managing Director/BIADA will not create any right, title or interest in the leased property, since a right on claim flowing from an illegal act, will not confer any legal right in them. *Deepak Paints (P) Ltd. vs. State of Bihar, 2008(2) PLJR 293.*

Petitioner deposited the consideration amount demanded for the allotment under the OTS Scheme floated by the Authority, but he was further asked to deposit 15 per cent of the land value as transfer charge fixed by registry office of the area for its registration. There was no clause in the terms and conditions to link the 'land value' to the value fixed by registration office of the area instead of 'land value' fixed for such land in the industrial estate by the Authority. It was held that there is a marked distinction between a lease-hold and freehold land. Price fixed by the Collector for registration/alienation of free-hold land has no co-relation with the allocation of land in industrial area on lease. Object and purpose for which the Industrial Development Authority was set up was to encourage industrialization in the State and not to engage in a speculative activity of real estate to make money by linking transfer of 15 per cent of the land value of the price of registration for free-hold of the area. It was therefore held that expression 'land value' will mean 'value of land' fixed by the BIADA for the various industrial areas where the land is located. Therefore, order of cancellation of allotment for non-deposit of registration amount was quashed. BIADA could demand 15 per cent of the land value as fixed by it as the price for transfer but could not link it with the value of the land fixed by the registration office. *M/s Shankar Saw Mills vs. Bihar Industrial Area Development Authority*, 2011(1) PLJR 986.

Industrial Development Authority was set up to encourage industrialization in the State. Therefore the allottees were required to use the allotted land for the proposed industry. However where the allottee never took the lease in question seriously and wanted to retain it more as an immovable property, but as a camouflage had put the property to minor/inconsequential industrial use seven years after commencement of the lease, cancellation of the allotment was upheld. *M/s Behar Engineering Corporation vs. State of Bihar*, 2005(4) PLJR 187.

In one case lease of the land was cancelled because of non-fulfilment of stipulations and the land was allotted to another person who paid the requisite amount and further spent substantial amount for its development and the DIADA directed the original allottee to hand over possession to the new allottee. The Court noticed the fact that this was not a case of taking forcible possession from the earlier lease holder because he apparently failed to establish industry over it and deposit the balance amount. However, in view of the allegations that the delay was caused by DIADA Authority in according necessary permission which resulted in cancellation of the original allottee's provisional registration certificate and availing the term loan granted to him, the Court directed the authorities to consider his application for registration and allotment of another land. *M/s Ujjawal Coal Pvt. Ltd. vs. State of Bihar*, 1999(2) PLJR 274.

Prem Chandra Mishra vs. State of Bihar, 2007(1) PLJR 372 is case of gross arbitrariness, abuse of authority, utter disregard to rule of law, and following financial discipline. The respondents had requested for land at six places only but were allotted land at seven places. Project report did not contain any financial projection and analysis, like cost analysis, market survey or any assessment of the return on investment. The project report did not indicate consequential employment opportunities either. Above all, applications for lands under Regional Office, Muzaffarpur submitted at Patna. In spite of these incongruencies and irregularities, the Development Officer found the projects viable and possession of land handed over without execution of lease deed. As for allotting more lands than requested the State shamelessly took the stand that the Authority had more lands than seekers and hence no need to invite bids belied by materials on record. The Court had no option but to quash the allotment.

Agreement was executed in petitioner's favour in 1989 ignoring the Industrial Policy 1986 in discrimination with other similarly situated persons. Land allotted to petitioner was not procured after taking loan from Bank or Financial Institution on high interest rate (thus the land did not fall in the category for which 12% interest could have been realised as per clause 3(1)(b) of 1986 Industrial Policy) but the petitioner was charged interest @

12%. In this fact situation, BIADA was held entitled to an interest of 5% only and was therefore directed to calculate excess amount realised, prepare an account calculating interest @ 5% p.a. and on such calculation, amount refundable to be paid/adjusted against dues, if any. *Badri Mehrotra vs. State of Bihar*, 2007(3) PLJR 410.

Under the Bihar Industrial Policy, 1986 Industry Department had issued specific direction that only the dues could be demanded by the authorities from the allottees in case of reconstitution of management or transfer of unit. There was no provision for additional charge @ 15% of the land value. Therefore memo imposing additional burden of 15% of land value was quashed. *ibid.*

A lease was cancelled after giving notice asking the cause for delay in starting the unit and also mentioning that if no satisfactory reply is received, decision to take action for cancellation of lease and forfeiture of consideration money may be taken. It was held that if the authority had not found the reply satisfactory, they should have given a show cause notice giving opportunity of hearing before cancellation of lease. Even the provisions of T.P. Act were not followed. In fact the notice given by Authority was not for proposed cancellation rather it was seeking explanation for delay and future course of action. Therefore termination of lease was held not to be valid. *Suiti Exports Limited vs. Adityapur Industrial Area Development Authority*, 2001(2) PLJR 163.

In all matters where a lease agreement stands executed and concluded, the parties thereafter have enjoyed the lease hold property, the only way the BIADA could dispossess them would be by moving a Civil Court of competent jurisdiction by adopting due process of law and only on such a declaration by the competent court in this regard. BIADA has no right of repossession unilaterally. *Deepak Paints (P) Ltd. vs. State of Bihar*, 2008(2) PLJR 293.

Section 6(2) provides for appeal against order of cancellation of allotment of land. When an allottee filed writ petition against cancellation of his lease without availing the remedy of appeal and the matter involved disputed and complicated questions of fact, the writ application was held not maintainable. *M/s Premi Printing Press vs. Patna Industrial Area Development Authority*, 1995(1) PLJR 755.]

7. Financial powers.—(1) The Authority shall have and maintain its own fund to which shall be credited—

- (a) all moneys received by the Authority from the State Government by way of grants, loans, advances or otherwise;
- (b) all fees, rents, charges, levies and fines received by the Authority under this Act;
- (c) all moneys received by the Authority from disposal of its movable and immovable assets;
- (d) all moneys received by the Authority by way of loan from financial and other institution and debentures floated for the execution of a scheme or schemes of the Authority duly approved by the State Government.

(2) Unless the State Government otherwise directs, all moneys received by the Authority shall be credited to its fund which shall be kept with the State Bank of India and/or one or more of the Nationalised Banks and drawn as and when required by the Authority.
